### Adult Dental Outreach Day

On Friday, October 28, 2011, the Bay County Health Department will partner with Gulf Coast State College, St. Andrews Community Medical Center, Early Education and Care, and members of the Bay's Dental Society, in a one day dental fest.

Adult Dental Outreach Day will be for one day only, from 8:00 AM until 4:00 PM, and will be held at the Bay County Health Department's Children's Dentistry Clinic. Adult Dental Outreach Day will be for adults without Medicaid or insurance who are in immediate need of emergency dental care.

A group of (80) patients were identified from waiting lists. Faculty and students of Gulf Coast State College Dental Program provided them with an exam that included x-rays, last Friday, October 21, 2011.

One major service will be performed for each patient; services such as, extractions, fillings, and cleanings. The treating dentists will decide what is to be done while considering the patients' concern and overall health. Volunteers from the Bay's Dental Society and our local dental community, i.e. dentists, hygienists and assistants, will aid in the delivery of these services, free of charge and for this one day event.

If you have any questions, please contact the Bay County Health Department at 872-4455, ext. 1208 or 1256.
